

# Scholarship Resources

There are many organizations that provide scholarship assistance to students based on factors such as major, county of residence, academic achievements, community service and other miscellaneous criteria. Looking locally for scholarships can produce successful search results. Start with your local community/ civic organizations and businesses. Ask your family and friends what organizations they belong to and see if they offer scholarship opportunities.

Read your local newspaper every day. The newspaper will have announcements about scholarships typically as the deadline is approaching.

There are several free scholarship sites on the Internet. Some popular sites are:
